

NOW WITH AI-ASSISTED SOURCING

# ENGINEERING THAT KEEPS INDUSTRY MOVING.

EQUIPMENT

LUBRICANTS

AIR

CNC

PUMPS

COUPLINGS

AI SOURCING

CORPORATE BROCHURE 2026

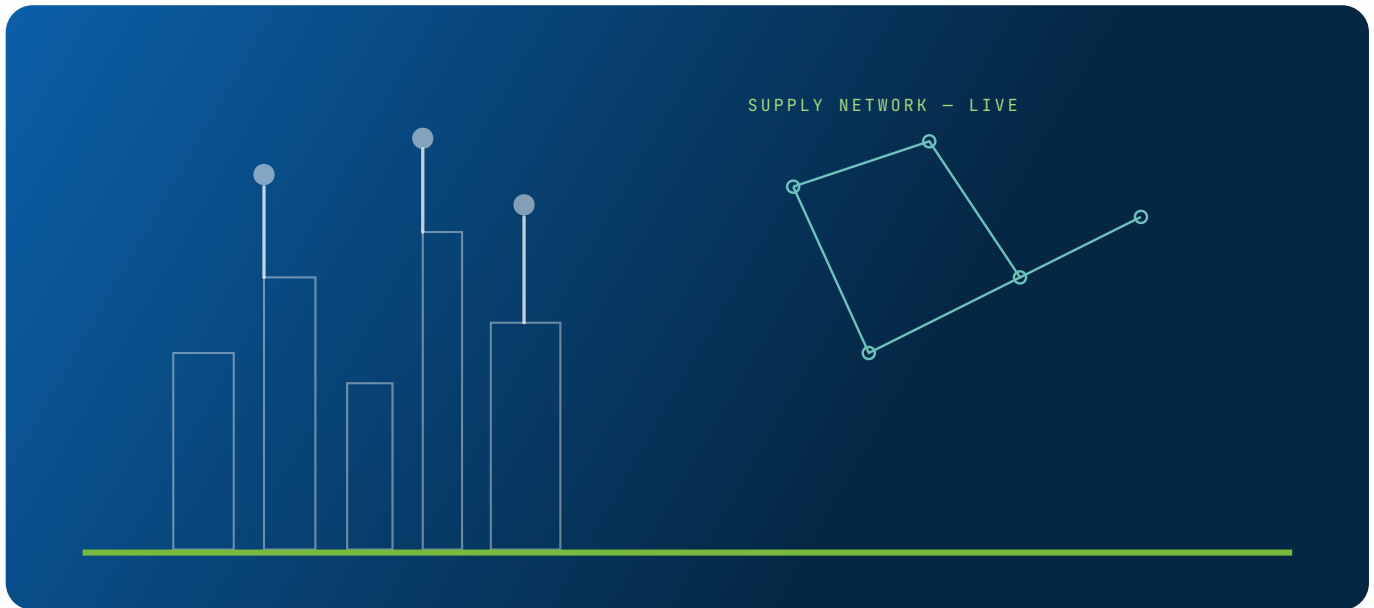

Abu Dhabi • UAE • GCC

— SECTION 01 — SUPPLY CONTINUITY

# Industry does not pause.

Neither should your supply chain.

Petrozen turns specifications into dependable supply — through technical understanding, qualified sourcing, clear documentation and delivery discipline.

**THE RIGHT PRODUCT. THE RIGHT DOCUMENTS. THE RIGHT TIME.**

— A SIMPLE QUESTION

# Can one missing part stop an entire operation?

Yes. A delayed component, the wrong lubricant or an incomplete document can hold back people, machines and deadlines.

---

**That is why dependable supply matters.**

## 01

A missing gasket idles a compressor line

## 02

The wrong grade shortens equipment life

## 03

A missing certificate stalls project sign-off

## — ABOUT PETROZEN

# Abu Dhabi expertise. Regional readiness.

An engineering supply partner for demanding operations across the UAE and GCC — where specialist judgement is now backed by AI-assisted matching and forecasting.

### Engineering understanding

The application comes before the product.

### Disciplined procurement

Qualified manufacturers, verified every time.

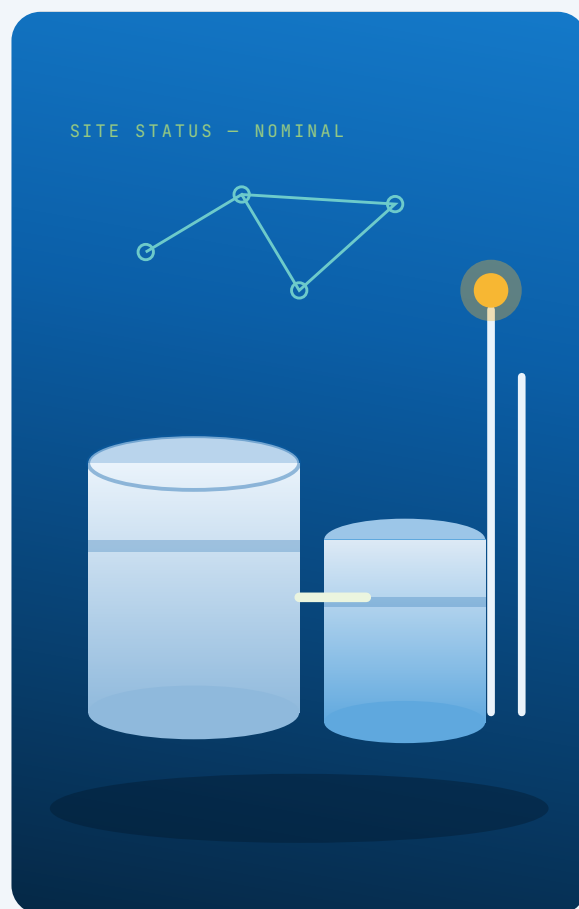

### Responsive logistics

Coordinated delivery that protects schedules.

### Long-term partnership

AI-assisted tools that get sharper with every order.

## SEVEN CONNECTED CAPABILITIES

# One dependable industrial partner.

Each capability supports the same goal: reliable operation and confident procurement.

01

## Industrial Equipment

Mechanical, electrical and oilfield supply

02

## Lubricants

Oils, greases and specialty fluids

03

## Compressed Air

Air, treatment and nitrogen systems

04

## CNC Solutions

Machines and manufacturing support

05

## Pumps

Transfer, process and chemical duties

06

## Couplings

Safe, efficient connections

07

## AI Sourcing Intelligence

NEW

Cross-reference, demand forecasting and smart quoting

---

DIGITAL CAPABILITY

# Intelligence layered onto every enquiry.

Petrozen pairs engineering judgement with AI-assisted tools that speed up matching, sourcing and verification — without removing the specialist from the decision.

## Smart Cross-Reference Engine

Enter a competitor part number or grade and get ranked equivalents from our range — matched on viscosity, base oil, material and duty, reviewed by our engineers before it reaches you.

## Predictive Stock & Demand

Usage patterns and shutdown calendars feed forecasts that keep critical spares and lubricants positioned ahead of demand.

## Automated Enquiry Triage

Incoming enquiries are read, categorised and routed to the right specialist and product line automatically — cutting response time.

## Digital Document Intelligence

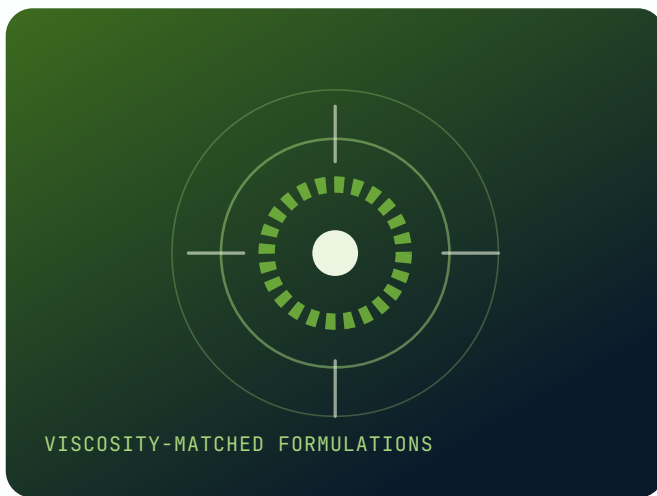

Certificates, MTCs and inspection reports are checked for completeness and traceability before they leave our system.

**AI ACCELERATES THE SEARCH. OUR ENGINEERS STILL MAKE THE CALL.**

— LUBRICANTS DIVISION

# Performance begins where metal meets motion.

The right lubricant protects equipment, improves consistency and supports longer service life.

— CORE RANGE

- Hydraulic & gear oils
- Compressor & turbine oils
- Refrigeration & transformer oils
- Cutting oils & EDM fluids
- Food-grade & biodegradable lubricants
- Industrial greases & specialty products

## LESS WEAR • SMOOTHER OPERATION • LONGER LIFE

AI CROSS-REFERENCE

Give us a competitor grade — we match viscosity, base oil type and application to the nearest Petrozen equivalent.

## COMPRESSED AIR & NITROGEN

# Clean air. Stable pressure. Reliable production.

### AI-ASSISTED

Usage data helps flag filter and dryer service intervals before they're due.

Air compressors

Refrigerated & desiccant dryers

Filters & condensate drains

Nitrogen generators

Air receivers & accessories

Spare parts & service support

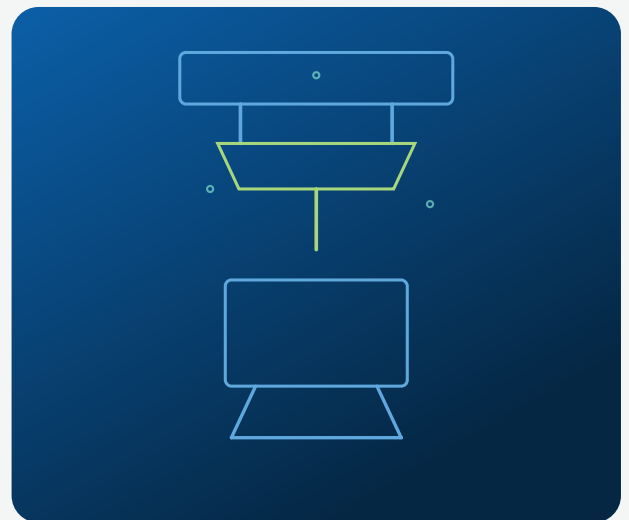

## — CNC DIVISION

# Precision that turns ideas into exact parts.

Modern machining platforms for accurate, repeatable and productive manufacturing.

## — SOLUTIONS

- Vertical machining centres
- Horizontal machining centres
- Double-column machines
- CNC lathes
- Standard parts & accessories
- Application support

**BUILT FOR ACCURACY. READY FOR OUTPUT.**

### AI-MATCHED

Application support cross-references machine specs to compatible standard parts and tooling.

## — FLUID MOVEMENT & CONNECTION

# Move it. Control it. Connect it safely.

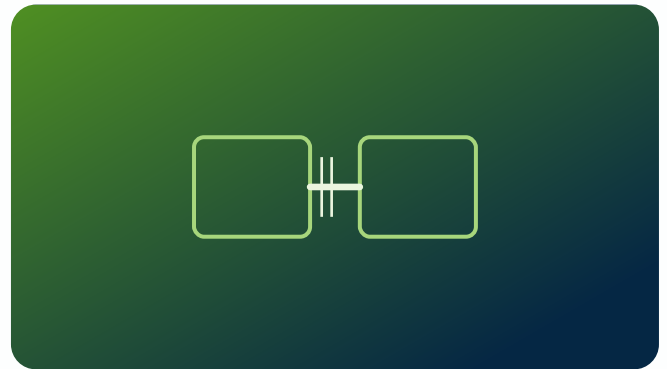

Pumps and couplings selected around pressure, media, duty and operating environment.

### Pumps

Industrial • diaphragm • transfer • chemical • process • accessories & spares

RELIABLE FLOW

### Couplings

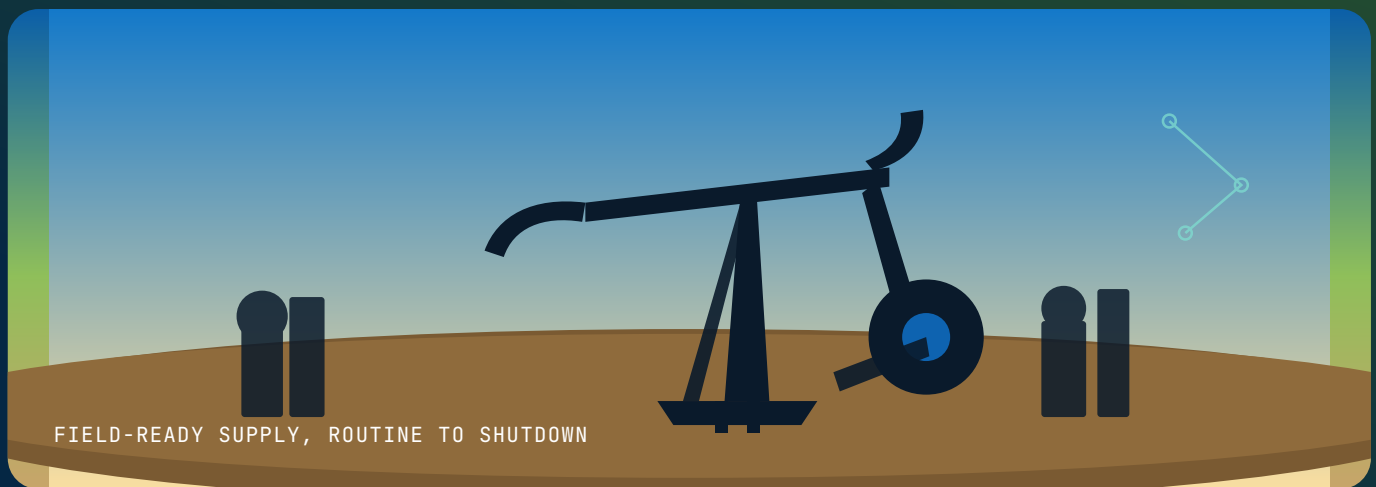

Quick • hydraulic • pneumatic • hose • safety • fluid-transfer connectors

SECURE CONNECTION

— INDUSTRIAL & OILFIELD SUPPLY

# Sourcing built around the requirement.

Mechanical equipment • motors • valves • spare parts • air-operated equipment • project packages.

— ROUTINE

**Maintenance needs**

— SHUTDOWN

**Time-critical support**

— PROJECT

**Structured packages**

— PROCUREMENT & SUPPLY CHAIN

# A disciplined path from enquiry to delivery.

Clear ownership at every stage helps protect quality, traceability and schedules.

- 01 UNDERSTAND**  
Application, specification and documents.
- 02 SOURCE**  
Qualified manufacturers and partners.
- 03 VERIFY**  
Product, certification and packing.
- 04 COORDINATE**  
Logistics, updates and delivery.
- 05 SUPPORT**  
Responsive after-sales continuity.

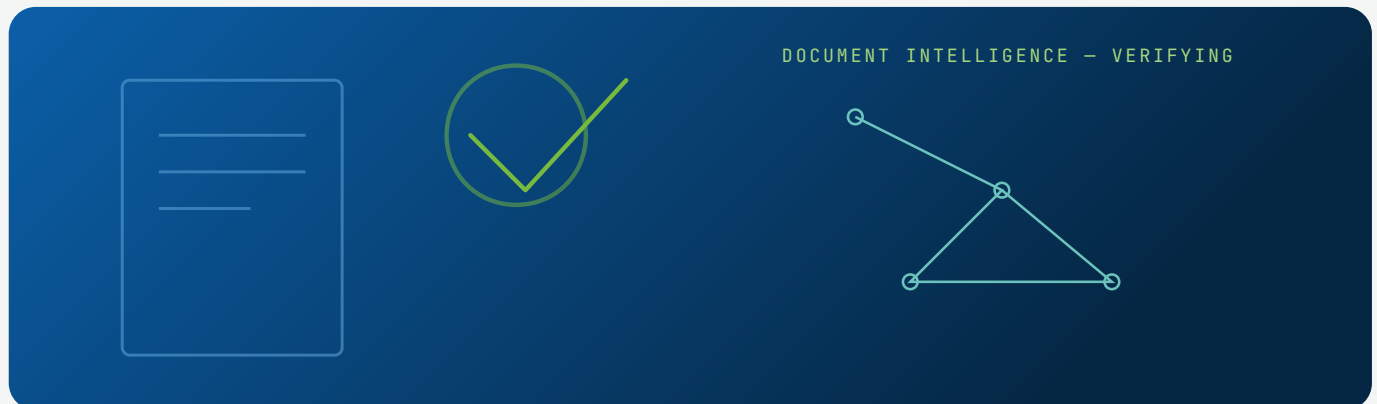

## — QUALITY & COMPLIANCE

# Confidence should arrive with the product.

We support customer review with verification, documentation and traceability.

- Product verification
- Certificate of Conformity
- Inspection documentation
- Traceability support
- Vendor evaluation
- Material Test Certificates where applicable
- Packing verification
- AI-assisted document verification

**QUALITY IS NOT A FINAL CHECK. IT IS PART OF EVERY STEP.**

## CREDENTIALS & DOCUMENTATION

# Registered, licensed and ready for tender.

Everything a procurement or tender desk needs to verify Petrozen, on file and ready to share.

### Abu Dhabi Commercial Trade License

Active UAE commercial trade license, valid for equipment, lubricants and mechanical spares trading.

UAE ACTIVE

### ICV Certified

Certified under the UAE In-Country Value program — counts toward local content scoring on ADNOC and government-linked tenders.

ICV CERTIFIED

### VAT / TRN Registration Certificate

Registered for Value Added Tax with a valid Tax Registration Number, ready for UAE-compliant invoicing.

REGISTERED

### ISO 9001 • ISO 14001 • ISO 45001

Quality, environmental and occupational health & safety management systems, certified where applicable.

IF APPLICABLE

### Company Profile & Technical Catalogues

Full company profile and product catalogues covering CNC, compressors, lubricants and mechanical spares.

ON REQUEST

**FULL DOCUMENTATION PACKAGE AVAILABLE ON REQUEST — READY FOR TENDER SUBMISSION.**

— INDUSTRIES SERVED

# Built for the systems that cannot stop.

From energy and marine operations to manufacturing and essential infrastructure.

|                    |                               |                         |
|--------------------|-------------------------------|-------------------------|
| Oil & Gas          | Petrochemical                 | Energy & Utilities      |
| Power Generation   | Offshore & Marine             | Manufacturing           |
| Metal Processing   | Construction & Infrastructure | Mining • Cement • Steel |
| Water & Wastewater | Food Processing               | Logistics & Warehousing |

One partner, one point of contact, across every site and sector Petrozen serves in the UAE and GCC.

## WHY PETROZEN

# Remember the partner who makes supply feel certain.

Technical focus, responsive execution and disciplined delivery — working as one system, sharpened by AI.

- |    |                                 |                                                                             |
|----|---------------------------------|-----------------------------------------------------------------------------|
| 01 | <b>TECHNICAL FOCUS</b>          | Understand the application first — with AI-assisted specification analysis. |
| 02 | <b>QUALIFIED SOURCING</b>       | Engage dependable supply channels.                                          |
| 03 | <b>DOCUMENTATION DISCIPLINE</b> | Support review and traceability.                                            |
| 04 | <b>DELIVERY COORDINATION</b>    | Protect project schedules.                                                  |
| 05 | <b>PARTNERSHIP MINDSET</b>      | Stay useful beyond one order.                                               |

**DEPENDABLE BY DESIGN.**

# LET'S KEEP YOUR NEXT REQUIREMENT MOVING.

Share the application, specification or product list. Our team will help turn it into dependable supply.

**Prefer AI-assisted matching?** Send a competitor part number or spec sheet — we'll return ranked equivalents fast.
